

THE CHESTNUT BURR

Patsy LaRue Wolfe

Dear Pat,

Just to write a few words to wish you all the luck in the world through all the years that follow High School.

Best of Luck
always

David

Dear Patsy —

I hate to say about the same thing in everyone's book so I think this might a little different. May you always have the best of luck in your future years.

your friend
Kate Blundell

Pat,

May success and happiness fulfill your years of the future. Good luck in all you do, to a sweet and nice girl.

Love always,
Jancy

Well I guess I'm supposed to say good luck. Well I'm not gonna. But really of luck. Remember me and I'll remember you.
Always,
Marta

Dear Pat,

May the rest of your life be
Lucky + Happy! { Cause your gonna need it! }

Roses are red
Pickles are green
My face is a holler
yours is a scream!

Hope

Dear Pat,

Best of luck to a real nice girl. you are a real and true friend of mine. I hope you have successful years at physical Ed with Mrs. Sly. And when you are playing Vally ball I hope you will remember Carolyn and Sarah and always hit the ball with 10 hits. Do as Team I and Team II did in Vally ball. if you make the team be champion, win all the game. I know you will. You are swell.

Pat.
Best of luck to
a real nice girl.
I hope your future
is bright and successful.
Always,
Bonnie

Best wishes
to a nutty
Phys. Ed. Partner.
Judy

Pat,

Best of everything to you, You deserve it. (I guess) Just Kidding! Don't forget the wild ball games and badminton games we had at your house, even if we did make up the rules as we went along — It was fun! Be Good, and if you can't be good, Be careful, and if you can't be careful — go Home! All the Luck in the world to you! a friend,
Buck

Best of luck
to you in your
senior year!
Vernice!!

Wishes filled and
filled with love
and hope for you
and your success
in all that you
do. Love and
happiness
with you. "I love you"
happily

Dear old Middletown High School

We love so well . . .

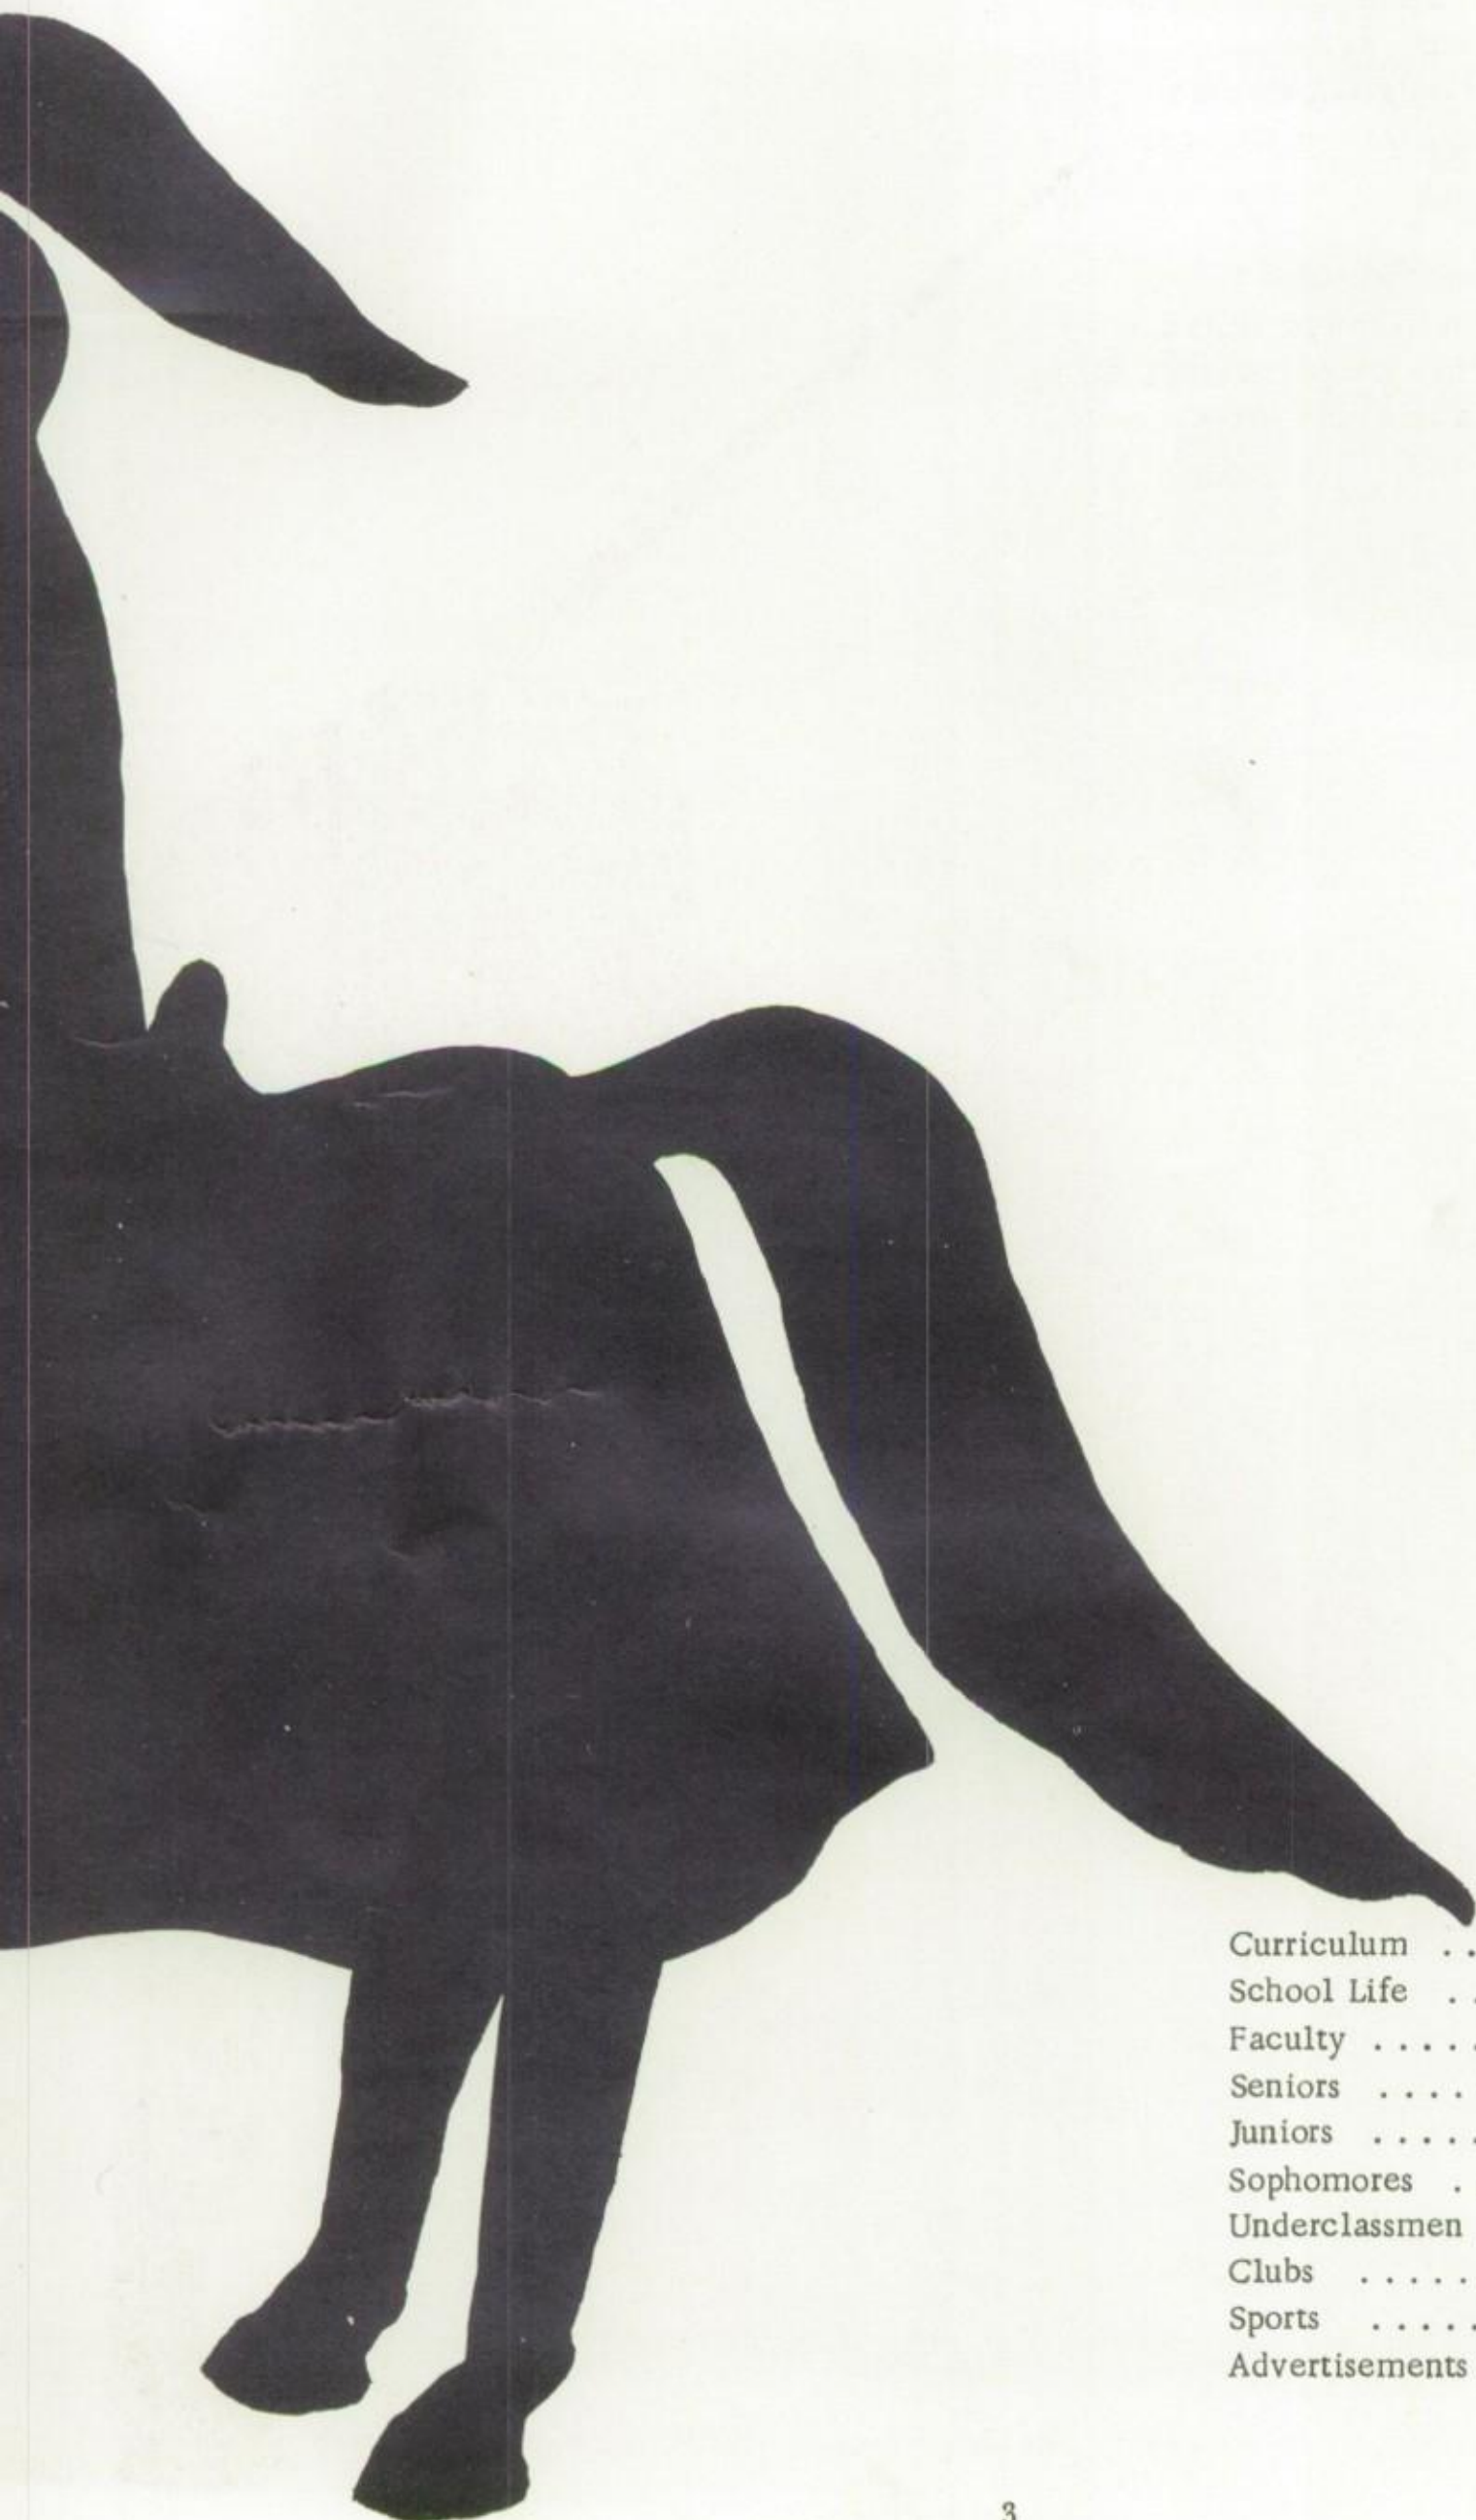

MIDDLETOWN, MARYLAND

Foreword

The 1961 CHESTNUT BURR is a collection of your memories during the school year. As the years separate you from high school, you will treasure the memories found within the covers of this book more and more.

When you look back on your high school days, you will not recall every small detail, but you will always remember the bold outline--the SILHOUETTES --reminding you of all the fun and good times you had at MHS.

Chestnut Burr Staff

James Lewis, Judy Gladhill, Rebekah Summers, Susan Haines, Jahn Walter, Linda Keller, Stephanie Esworthy, Gaither Dean, Norman Lindsay, Thelma Kline, Gloria Morgan, Linda Webber, Dona Henson, Bertha Twigg, Joyce Sensenbaugh, Frances Higdon, Sally Blickenstaff, Marie Corson, Vanceen Thompson, Kay Holter, Phyllis Michael, Myrna Kline, Bonnie Wise, Sarah Blickenstaff, Geraldine Ahalt. Staff members not pictured below: Ann Alger, Donald Buhrman, Mary Dunlap, Ruth Ifert, Larry Lovell, Wanda Palmer, Charles Pearl, Louise Toms.

Curriculum

Use a comma to separate . . .

Although these students in ENGLISH class are not working on comma rules at the moment, they are studying the methods of modern communication. Don't worry, they won't escape the commas!

The chief resources of Maryland are . . .

Learning about their state is only one of the many activities of the CORE students. In these classes, junior high students study history, English, and related subjects.

Gallia est omnis divisa in parties thes . . .

MHS offers its students two foreign languages--LATIN and SPANISH. In this picture, Mrs. Ahalt is explaining the mysteries of a Latin sentence to her puzzled students.

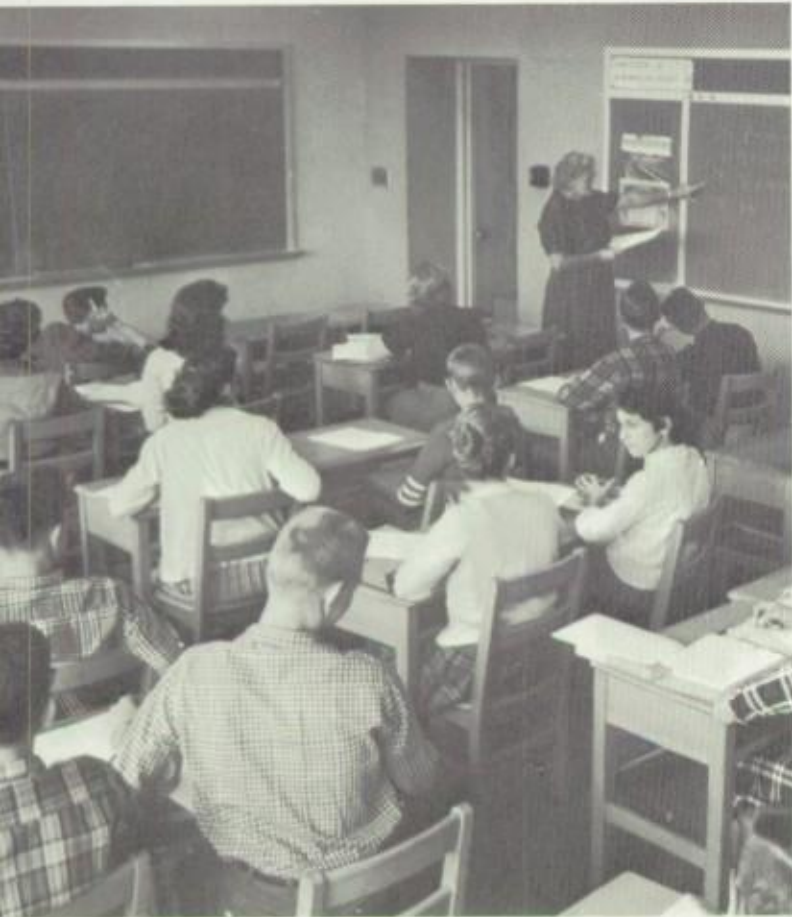

On July 4, 1776 . . .

Students in HISTORY class find that bulletin boards add interest to their studies.

$$(x^2 + xy - y^2)(3x - y) = \dots$$

As students apply formulas and equations, the mysteries of ALGEBRA unfold and become knowledge. Here, through the use of illustration, students solve a problem.

If Joe has 12 apples
and 12 pears . .

MATH supplies the background which students need for their later lives and for other math courses. Here Mrs. Smith is teaching her students how to solve for an unknown.

The knee bone's connected
to the thigh bone . . .

BIOLOGY, the science of life, is taught to MHS students with the help of equipment such as the manikin shown above.

$$\frac{P_1 V_1}{T_1} = \frac{P_2 V_2}{T_2}$$

Anyone who doesn't understand this formula should enroll in PHYSICS class where Mr. Foltz will soon solve your problems by giving you problems to solve.

Economics is the science of making a living . . .

The training these students receive in the BUSINESS LAW and ECONOMICS class will help them in their future business careers.

a;sldkfjgh

These students are learning the basic techniques of good TYPING. They do drills with emphasis on both speed and accuracy.

- ٢٠١٥

STENOGRAPHY students at MHS strive for speed in dictation and for accuracy in transcription. They have as their motto--"He who hesitates is lost."

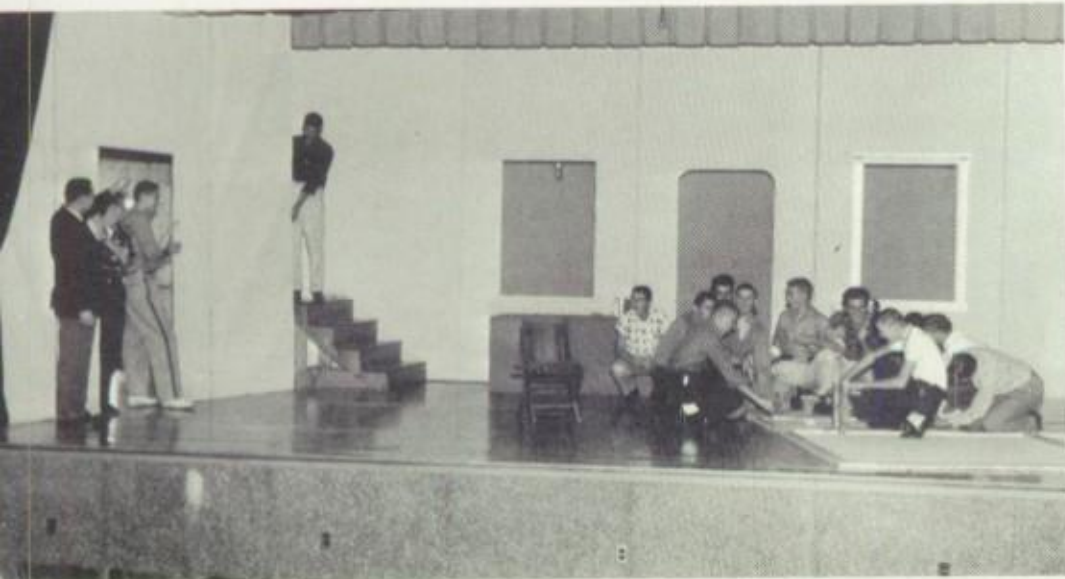

Assets + Liabilities = Proprietorship

To keep accurate records of a business is the aim of these students who are enrolled in BOOKKEEPING class. To help them attain this goal, they have the added knowledge of operating business machines.

Remember, it's easier to repair . . .

The boys who take AGRICULTURE must learn how to repair broken machinery. In this picture Mr. Reiley is showing his students how to weld a piece of machinery.

Somebody hand me a hammer . . .

Whenever anyone at MHS needs handymen, the AG boys are there. These fellows are always willing to help in every way possible. In this picture they are setting up the flats for the senior class play.

Color is the most apparent soil characteristic . . .

The boys who select the AGRICULTURE courses are preparing to be the future farmers of America. Although there is instruction in practical application, the boys must also learn "from the book." Mr. Moore, student teacher, is leading the boys in discussion.

In the MHS ART classes, talents are discovered and developed. Students enjoy themselves while learning.

Remember, the life you save . . .

Being a good driver is not as simple as it might seem. Students learn much more than the simple handling of an automobile in DRIVER EDUCATION class.

Bach, Beethoven, and C-major scale are some of the many phases of MUSIC covered at MHS.

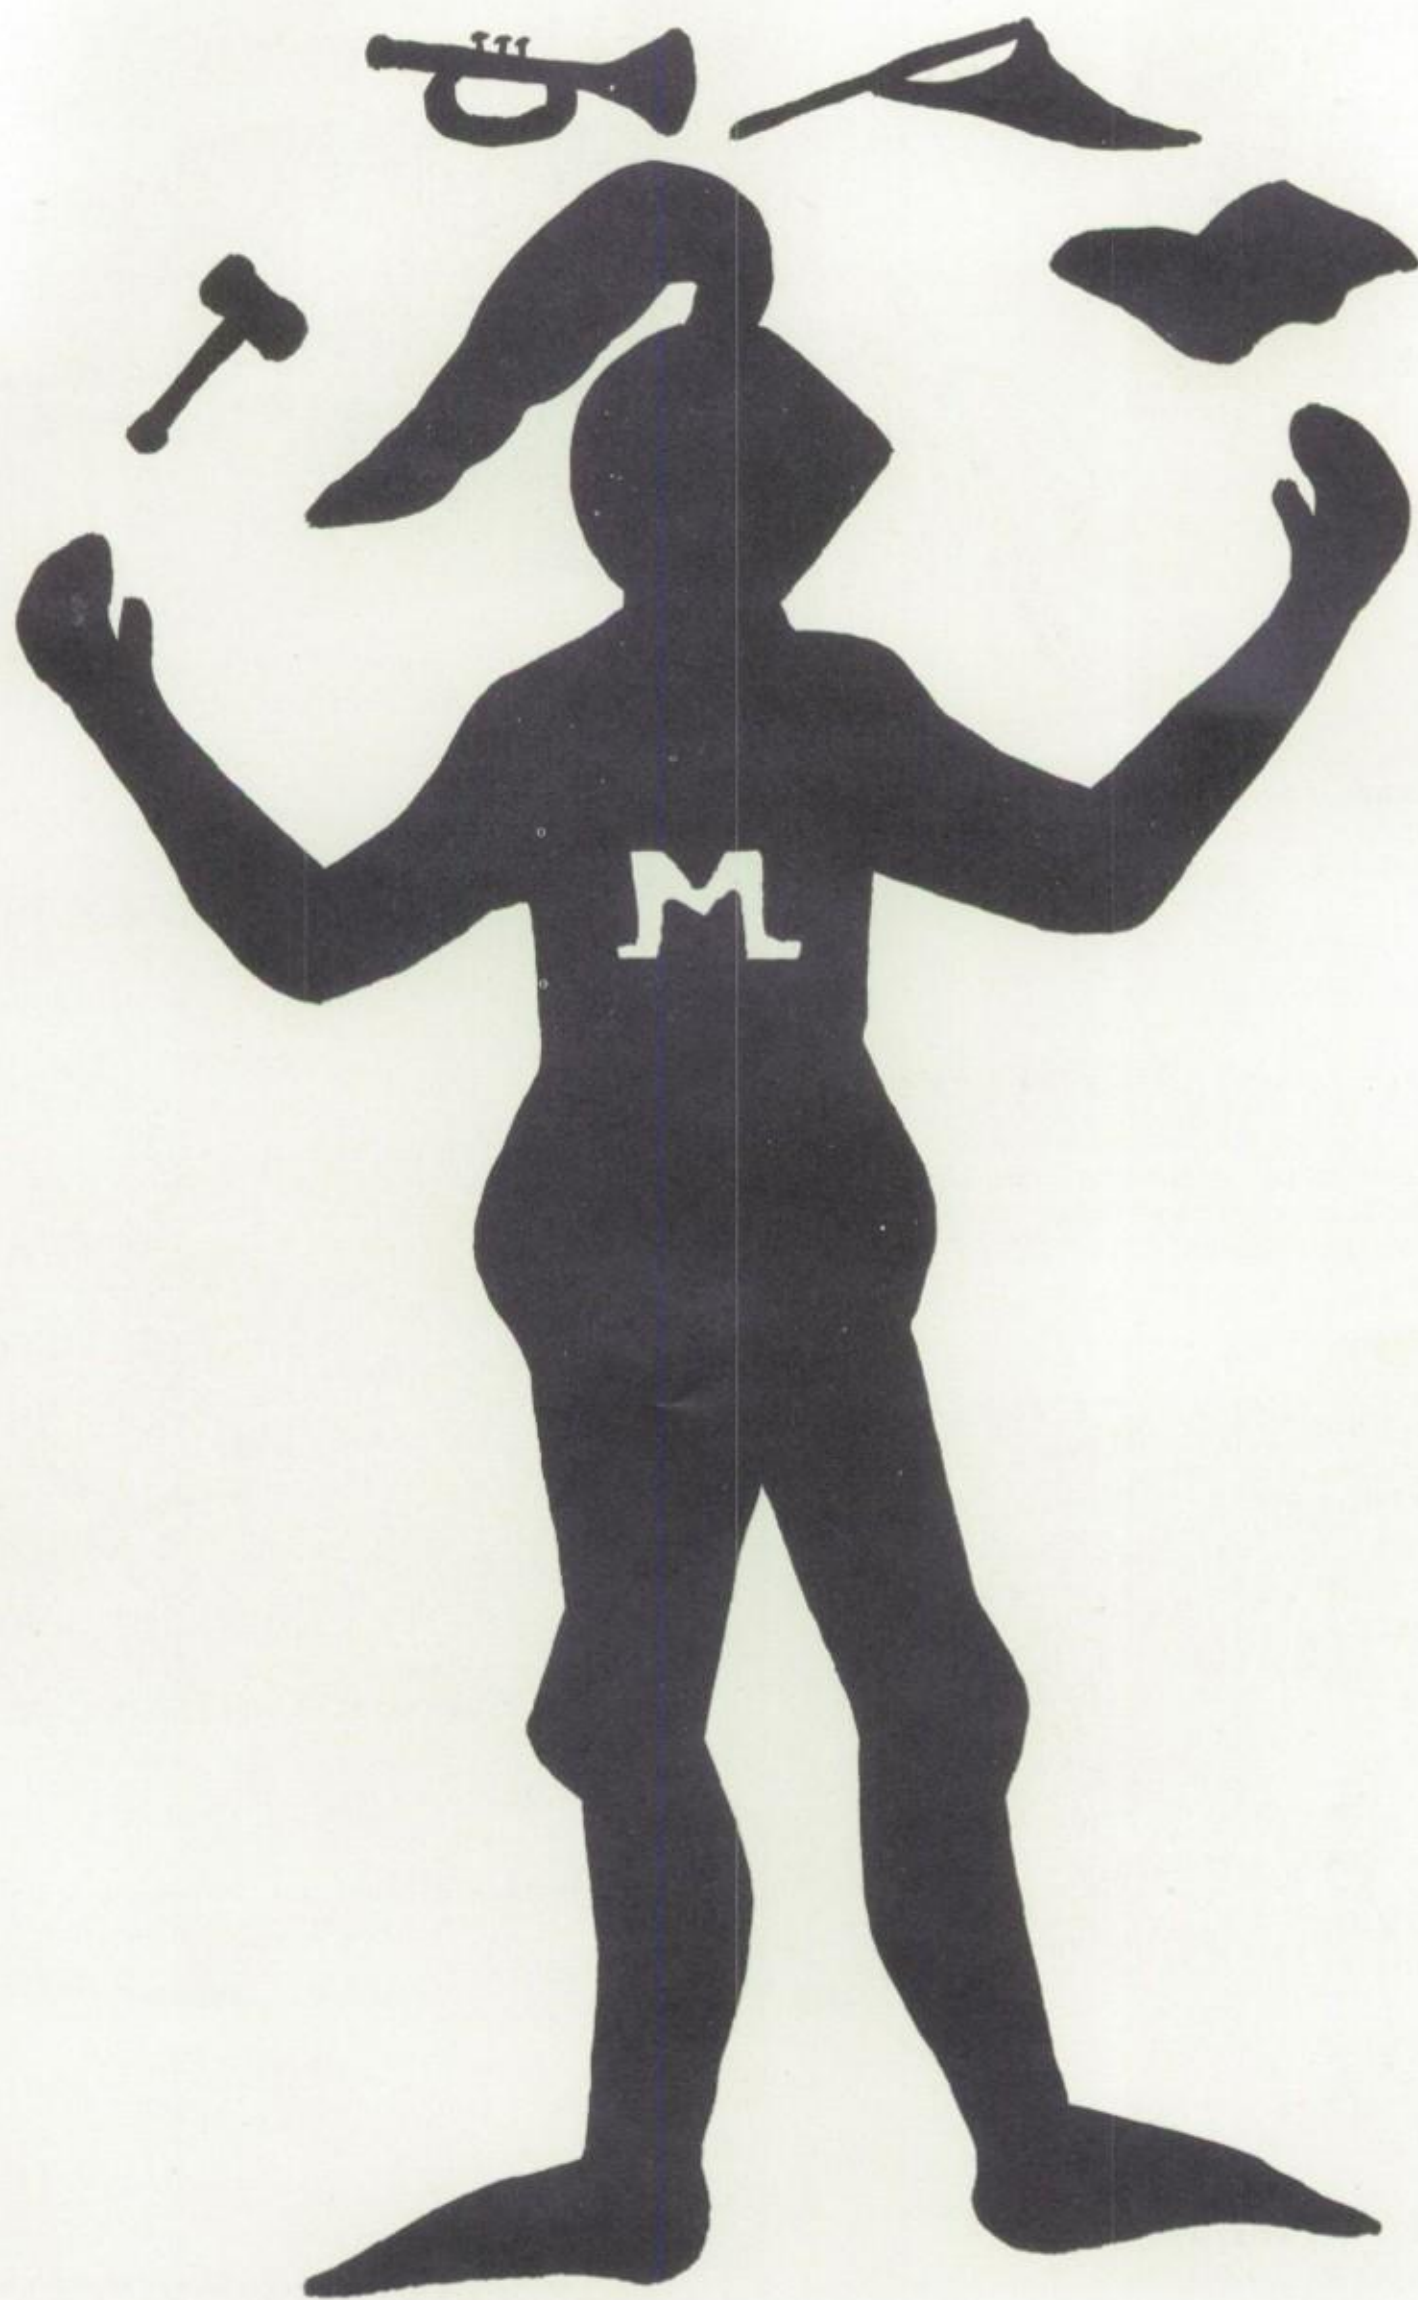

The knowledge and skills gained by the boys in INDUSTRIAL ARTS class will always be useful to them.

One, two — one, two . . .

Keeping students alert and in good condition is the job of the PHYSICAL EDUCATION department.

School Life

The memories of '61
at MHS include their
share of fun and
good times.

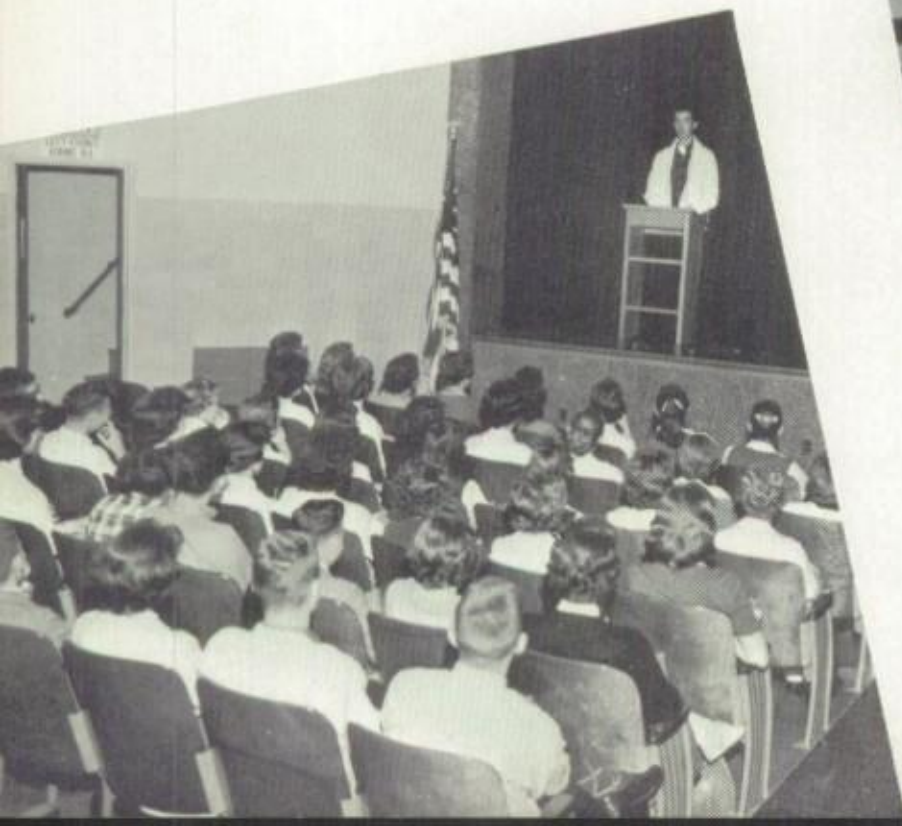

Remember
the wonderful
friendships

and the
many
interesting
activities.

Remember
the assemblies we held,

the dances
we attended,

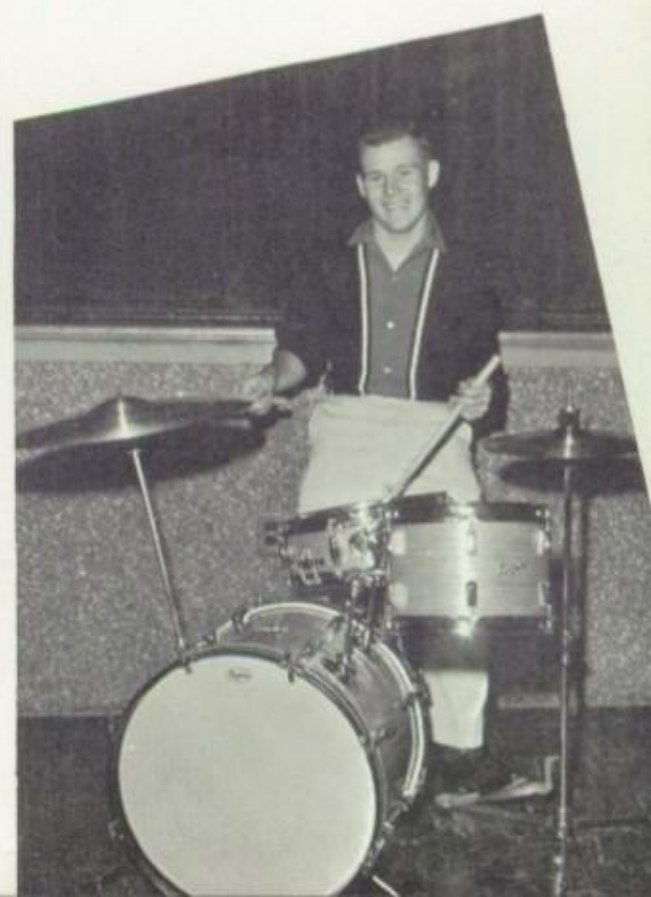

the class
parties we
had,

and all
the
other things

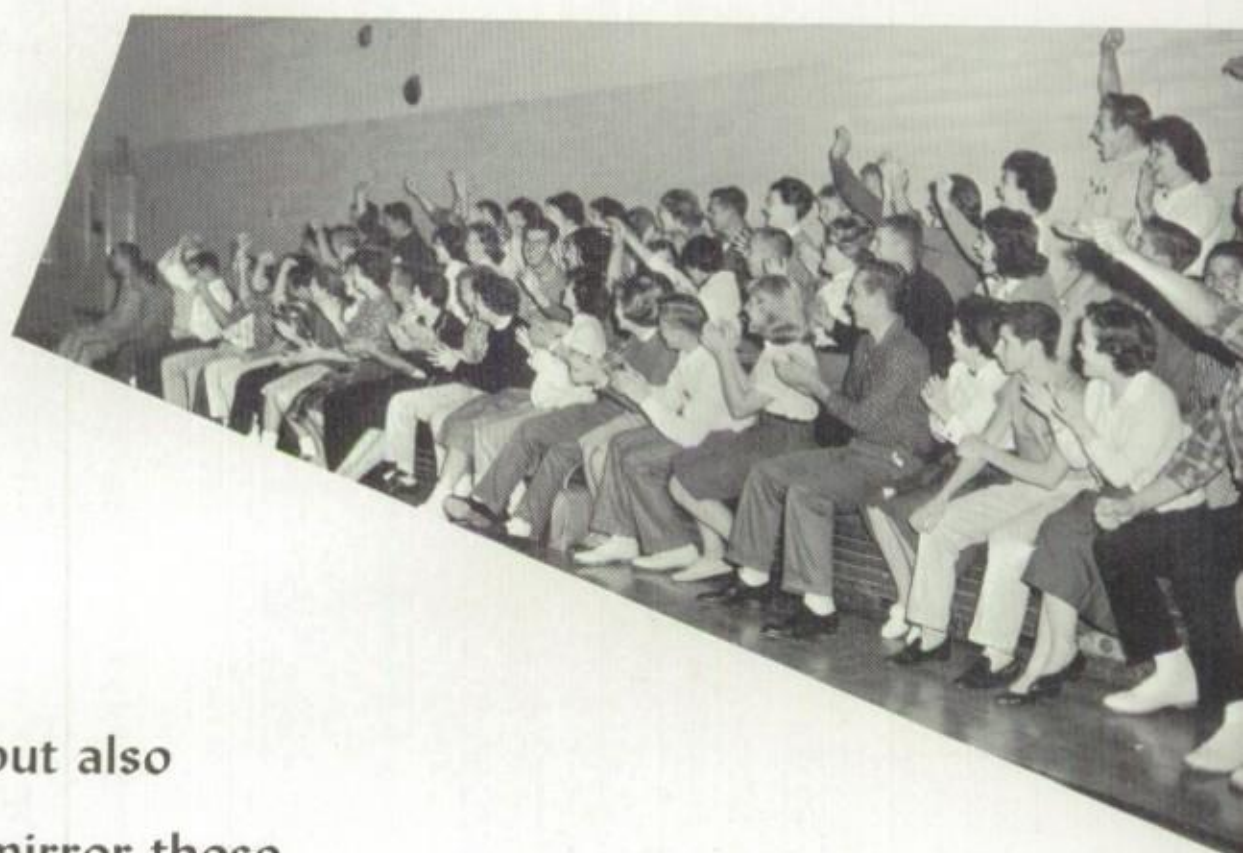

that made the year
one that we shall
never forget.

These
memories
reflect

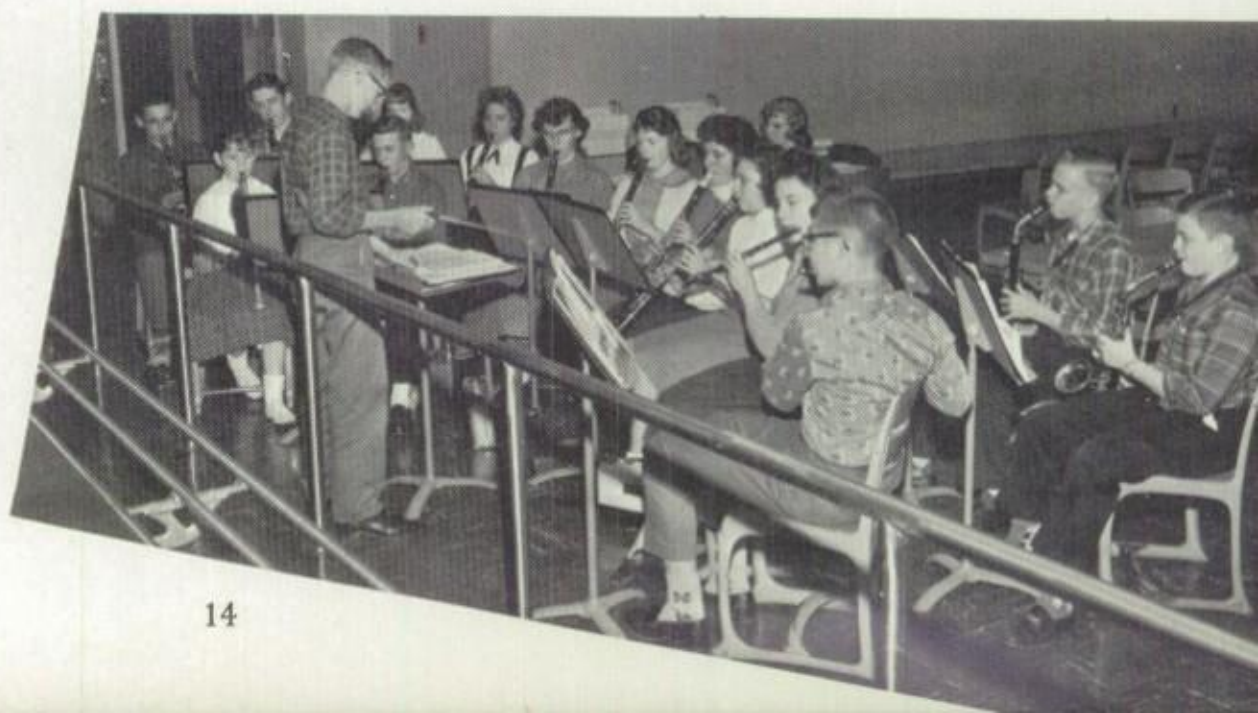

not only the
important events
of the year

but also
mirror those
tiny details

that made this
year a memorable one.

Principal's Message

Inasmuch as I am writing my principal's message to the graduating class of 1961 during the Christmas season, my thoughts are directed toward the humble manger scene in Bethlehem.

Many things come out of the manger, some of which are:

Cathedrals, schools, orphanages, colleges,
hospitals

Musicians, missionaries, ministers

Paintings, poems, hymns

Books, thoughts and deeds

Each of you as you leave Middletown High School has the ability and the responsibility to add to the miracle of the manger.

A Pal,
Doris
Best of luck
to one of the nicest
people I know. I
hope you don't have
that much trouble next
year as I have this.
Always
